

Our company

DobozBox services

Our company's services cover everything connected with corrugated cardboard packaging.

Our employees work to guarantee the continuous operation of your company with complex services by providing you with the proper packaging materials according to individual needs.

Dobozbox was established by the owners of RealBox Ltd. according to real market needs in order to complete the logistics with further services.

Our company works in the area of the depot in Törökbálint, a unique place at the junction of M1-M7-M0 motorways.

Activities

1. Selling standard size corrugated cardboard rolls, slices and boxes in stock
2. Planning, designing, producing, storing of specific boxes, transportation to timesplot
3. Rental storage and connected services
4. Co-packing activities, wrapping, foiling, palletizing, labelling
5. Setting up carton boxes, mounting and filling displays, domestic distribution
6. Producing, storing and delivering POS materials
7. Inventory management
8. Cold / Frozen storage and transport
9. Handling webshop products

Why DobozBox?

1. Our experts – based on your targets and requirements – optimize your costs
2. Production and storage difficulties relating to the demands of small and large production of companies producing base materials and boxes are bridged over by our complex logistic activities
3. Our standard products in stock allow immediate purchase
4. With our successive services you can save time, energy, labour and money
5. Ensured buffer stocks enable you to respond to the suddenly changing market demands and bridge over the 10 to 15-day production time
6. Due to our contacts we can make your purchasing work much more convenient
